WELCOME

Dear steel bridges sector representatives,

On behalf of the Organizing Committee of the **9th International Symposium on Steel Bridges (ISSB Prague 2018)** we are pleased to invite you to cooperate on Symposium being held from the 10th to 11th of September 2018 at the NH Prague City Hotel, The Czech Republic.

The ISSB Prague 2018 is organised by the Czech Constructional Steelwork Association (CAOK) in coordination with European Convention for Constructional Steelwork (ECCS) in conjunction with the ECCS Steel Bridge Awards Ceremony and ECCS Annual General Meetings.

The ISSB Prague 2018 Symposium is going to present and discuss a wide range of topics related to a great variety of research, design and construction activities in steel bridges sector.

This symposium offers an excellent platform to show your new products and the newest technology solutions and equipment to symposium participants by taking part in the exhibition and/or being a significant partner of this international event.

We look forward to seeing you in the beautiful city of Prague and we are prepared to discuss further details related to our excellent meeting with you.

SYMPOSIUM VENUE

Heart of Europe, one of the most beautiful cities in the world and an architectural dream on the Vltava River – this is Prague, the capital of the Czech Republic. Thanks to its location in the centre of Europe, Prague has always been an important crossroads of trade and culture. In the course of its thousand-year history, Prague has always been the political, cultural, and business centre of the country.

Golden Prague is a city of hundred spires, an UNESCO site, a majestic and slightly mysterious city with a unique atmosphere. Among the most visited sights are Prague Castle (one of the biggest castles in the world), Charles Bridge, or the Old Town Square with famous Astronomical Clock. You can enjoy the atmosphere of the city from a boat on the Vltava River, by walk through old streets and corners, relax in many parks and last but not least taste the famous Czech beer!

The NH Prague City hotel, formerly known as NH Prague, is perfect for tourists looking to explore this famous city.

The historical center – with its castle and the famous Charles Bridge – is easy to get to by tram, metro or on foot. Hotel is in the Smichov area, close to shops, cafés and restaurants, 500 meters to the nearest metro station and 20-minute walk to the city center.

In the hotel there are 441 rooms that are split into two buildings, with a cable car transporting guests between them. Superior rooms are at the top of Mrazovka Hill and have fantastic views out of the local park.

NH Prague City, Mozartova 261/1, 150 00 Prague, Czech Republic, +420 257 153 111, nhpraguecity@nh-hotels.com
